We are fully committed to ensuring that consistent affective safeguarding procedures are in place both on and off-site to support **everyone** (including but not limited to staff, students, host families and group leaders) at the school. 2. Welfare of Under 18 students

Tti is aware that students aged under 18 years old require additional support from our Welfare team.

We have the following important processes in place to help us safeguard them.

Stage One – Enquiry/Application

On receipt of an enquiry or an application form for a student aged under 18 the following 4 documents are sent to parent/ student or agency. These are:

- Letter of Consent to Travel
- Parental Agreement
- Safeguarding Policy – Mini Version
- Student Code of Conduct

It is made clear that the enrolment is not confirmed until the Letter of Consent to Travel and the Parental Agreement have been returned to the school with signatures.

Stage Two – Arrival in the UK

All students arriving in the UK are given our school emergency telephone number. We request that those aged 16 and 17 years old book an arrival taxi to take them to their accommodation. The taxi drivers are enhanced DBS checked. Parents are informed of the risks if not booking a taxi transfer service in the 'Tti Parental Agreement'.

Stage Three – During their Stay

Section A – Accommodation

Students aged under 18 can ONLY book homestay accommodation through Tti School of English. These are arranged through our partner company Hosts International who are British Council accredited. All hosts welcoming Under 18 students Enhanced DBS checked as per requirements. Tti has seen and approved of the Hosts International Safeguarding Policy.

If a student is staying in private accommodation, this needs to be included on the Tti Parental Agreement with the name and contact details of the person at the property.

Section B – First Day at School

As with all students, we collect their emergency contact details and check their travel documents. The form they complete includes their emergency contact, address in London and their parents contact numbers. They join our Welcome Meeting for all students.

They have a separate Welcome meeting with one of the DSPs, Ms Ophelia Bonelli or Mrs Sian Matos. This covers: Students' comfort in accommodation, journey to school and ensuring they all have the emergency phone number in their telephones.

They must check-in with Marianne Arake in room 9 on Wednesday of each week during their stay and are told about this in the Welcome Meeting.

Section C – Attendance

Tti has a strict Attendance Policy in place for all students. In addition to that, for this age group there are the following provisions in place:

All students aged 16 or 17 are shown in colour on our registers to make the teacher aware of their age.

They, or their host family on their behalf, must call in before 08.45 if they are not coming to school that day.

If we have not heard from them and they are not in class, the teacher will tell the Director of Studies by 9:30am and she will call the student immediately. If the student doesn't answer and the host family are unavailable (or guardian if private accommodation) we will keep trying. We will also try to contact them through other media, including e-mail and Facebook. If we are unsuccessful in hearing any news from them by 5pm, their parents will be contacted.

Section D – Social Programme

Our Social Programme is offered for ALL students. Some activities are not suitable for this age group and they will be informed on this in the Welcome Meeting. These activities are not compulsory and those aged Under 18 can choose to attend or not attend. Sign-up sheets are located in the Reception area. Students Under 18 will be listed on the Sign-up sheet so staff can be sure they do not sign up for events not suitable for their age group/ All Social Activities have a risk assessments completed to ensure the whole group attending are safeguarded during the excursion. These are reviewed by the teacher prior to the excursion and the students informed of the risks and provisions put in place (see Excursion Policy).

Section E – Staff and Student Code of Conducts

We have Staff and Student Code of Conducts that we ask all to abide by at all times. These ensure that both are aware of the expectations we have of them and assist us to

safeguard everyone. Everyone is asked to behave in a manner which fits within the Code of Conduct while a member of Tti.

- on annual basis for the school environment as a whole
- for all school excursions – see Excursions Policy
- whenever there are any changes to the school environment or school practices
- following any serious incident.

These are produced by the Senior Manager and the Directors with input from school staff and students where necessary.

Supervision Ratio

During the classes there can be a maximum of 15 students aged 16 or 17 with one teacher. This matches the maximum allowed in one class at any time. On excursions, the same applies. When there are more 15 Under 18s per group, additional staff join the activity.

Ttl Staff Responsibilities

How to deal with Concerns

- Tti has a responsibility to investigate any student at the school who people believe could be a risk of harm. They must speak to the DS(s) if they have a concern they have regarding one of the students. The DS will advise on what action should be taken.
- Concerns can arise from observations, information from another student, staff member etc.
- Concerns will be recorded using the Concern (and Disclosure/Allegation) Form. These are kept securely, in chronological order.
- The DS will respond to the Concern in the manner they see fit following their training. This could be monitoring, further investigation, discussing the matter with parent/ agent/ homestay host/ other DS prior to taking action.

How to Deal With Disclosures/Allegations

Disclosures/Allegations are when there is information which indicates an adult may have harmed one of Tti' s 16 or 17 year old students. This could possibly be a criminal offence against or related to the child or be behaviour that demonstrates that they could pose a risk of harm working with those aged 17 or under.

If a student speaks to a member of staff to report an incident and/or about abuse, the Tti member of staff will follow these guidelines:

- listen to what is said without displaying shock or disbelief and accept what the child is saying. The staff member should remain calm.
- allow the child to talk freely
- not assume it is something related to abuse
- reassure the child but not make promises that it may not be possible to keep, or promise confidentiality, as a referral may have to be made
- reassure the child that what has happened is not their fault and that they were right to tell someone
- not ask direct questions or put words into the students mouth, but allow the student to tell their story
- not criticise the alleged perpetrator
- not draw too much attention to the situation
- explain that they need to report this to the DS (s) who will make a record of the concern and decide on the next course of action
- inform the DS (s) IMMEDIATELY

Once the student has disclosed an allegation, the staff member must: find a member of staff to sit with them while they go immediately to report it to the DS (s)

- not tell the assisting staff member what it is regarding, just ask them to be there as reassuring presence
- not inform any other member of the team what the child said apart from the DS. It is confidential!
- write a report of the meeting on the Concerns (&Disclosures/Allegations) Form. This must use the student's **exact words** and make a note if their level of English is low. Do not include opinions or change the English to be grammatically correct or correct vocabulary – this is the job for the Social Services team. Use neutral language!
- it is also possible to revisit the child to make sure they are ok
- look after themselves too, it can be upsetting hearing of child abuse

Records

Only Tti's DS(s) have access to the relevant forms. All information is recorded and all records are signed and dated. They are kept confidentially and chronologically.

- Records show:
 - what the concerns were
 - whether any follow-up action was taken
 - how and why decisions were made
- All incidents, disclosures or signs of abuse are fully recorded with dates, times, locations and actions taken.

Confidentiality and information sharing

Tti DS(s) will only share information with professionals or agencies with the student's consent. Only relevant information will be disclosed to those that need to know. Information is confidential. If the staff member reporting the concern or DSP(s) has any queries regarding confidentiality they will seek advice from MASH.

- Tti's DS(s) will tell the Senior Manager immediately.
- Tti's DSL will contact MASH immediately. This is done following a discussion with the member of staff who raised the concern.
- Tti's DS(s) will contact the parents immediately to inform them and seek their consent. Parental consent must be sought prior to the referral being made unless to seek consent would place the child at risk of further harm, interfere with a criminal investigation or cause undue delay. If parents do not consent, but the child is at risk of significant harm, the referral should still be made.
- All referrals are made by telephone and then the CAF form sent within 48 hours.
- Where Tti's DS(s) are unsure whether to refer the student or not, they can call Camden's Child Protection Co-ordinator or the MASH team social worker for advice. This must be on a “**no-name**” basis due to confidentiality.
- If the concern or allegation takes place outside the borough of Camden, with a homestay family, for example, the DS will contact their local authority to the incident.
- All referrals will be acknowledged by the MASH manager within 24 hours and the DS(s) informed of what action will be taken.

Attendance at case conferences and core groups

Tti's DSL(s) will liaise, as needed with the Family Services and Social Work (FSSW) at Camden Council to ensure that all relevant information held at the school is provided to them during the investigation. They will work with them to support the child, as needed.

Allegations Against Tti Staff

If the event that an allegation is made against a member of staff or volunteer Tti will follow Camden's “Guidance for the management of an allegation against a member of staff”. Policies/ Guidance | Camden Safeguarding Children Board

The Principal (who is also the Senior Manager for Safeguarding) will be Tti's representative for the purposes of the allegation procedure. They will link with the Local Authority Designated Officer for all allegations raised. In their absence, one of the DS(s), will act in their place. The DS will also act in place of the Principal if they are the one against whom the allegations have been made.

With MASH, Tti will have an initial discussion at which the following actions will be agreed:

- immediate action to protect the student
- when and what the parents should be told
- what should be said to the adult facing the allegation and should s/he be suspended

Suspension – This is not an automatic response. It is considered when the child is at risk of serious harm or the concern is so serious it would result in immediate dismissal due to gross-misconduct.

Suspension would be communicated to the staff member within 24 hours.

If the allegation against the staff member is substantiated, and if the Principal and MASH representative agree that the person is unsuitable to work with children. Tti's Principal will refer the individual to the DBS to protect students aged 17 or under in the future.

Tti recognises the importance to provide a duty of care to the staff member against whom the allegation has been made. The principal will be their key contact at the school during the time of the investigation.
